Focused Execution
 Shared Success

In the following manner :

Successfully completed planned 2019 scope for D18 Phase 2 (debottlenecking, hose tie-in and infill drilling) with additional scope (D18 Phase 3 EMP, well flushing and well unloading) within agreed timeline. Overall, PETRA D18 Team had shown tremendous commitment in providing solutions and proactive in resolving issues hence resulted in zero LTI recorded throughout the campaign.

By have positively impacted the following key result(s) :

As a result, PETRA D18 Team had provided value creation for PETRONAS and first oil had been materialized in October 2019 for WH208 and November 2019 for WH107.
